

PRODUCT INFORMATION

Instructions for setting the right type of cartridge

Capacity 175 or 300ml	R-KER 300ml R-KER-II 300ml R-KEM-II 175ml, 300ml	
Capacity 380 or 410ml	R-KER 380ml, 400ml R-KER-II 400ml R-KEM-II 380ml, 410ml R-KF2 380ml, 400ml	
Capacity 385ml	R-KEX-II 385ml	
Capacity 600ml	R-KEX-II 600ml	

RELATED PRODUCTS

R-KEX II
385ml, 600ml

Premium pure epoxy resin approved for use in cracked and non-cracked concrete

R-KER-II
300ml, 400ml

Hybrid resin and versatile application in cracked and non-cracked concrete with threaded rods, internally threaded sockets and rebar

R-KER
380ml, 400ml

High performance vinylester resin approved for use in cracked and non-cracked concrete

R-KEM-II
175ml, 300ml, 410ml
Universal polyester (styrene free) resin - European Approval for 15 substrates

R-KF2
380ml, 400ml
Economical polyester resin for medium duty load applications

PROFESSIONAL DISPENSER

Perfect for professional applications. **MULTIGUN** works with virtually all types of cartridges of any capacity.

FEATURES AND BENEFITS

Perfect for professional applications	Good leverage allows quick and easy resin dispensing
Robust and durable design for all kinds of working conditions	Reliable metal frame structure
Quick and easy resin dispensing	Durable design meets the high requirements for the construction site offering a long service life
One extruder for almost all kinds of cartridges	Highly resistant to tough jobsite conditions
Convenient to use	Well balanced for better handling
Blue-coloured	

TOOLS
FOR DESIGNERS

Our original application dedicated to engineers and designers. This simple, yet multifunctional tool enables you to run calculations and develop designs using Rawlplug.

R-GUN-MULTI

” **ONE DISPENSER FOR ALMOST ALL TYPES OF CARTRIDGES**

for resins, acrylics, silicone adhesives and sealants

MULTIGUN

Works with virtually all types of cartridges of every capacity. MULTIGUN is an economical device that replaces three other guns.

The choice of the dispenser is decided by three parameters: dosing method, type of packaging of the resin and its capacity.

MULTIGUN works with cartridges such as:

- side-by-side
- coaxial type cartridges
- cartridge with a foil load

Replaces three other dispensers which makes the RAWLPLUG® MULTIGUN offer the most economical solution for the customer.

Product informations

One dispenser for almost all types of cartridges

Solid latch **preventing withdrawal and efficient relaxation of the piston**

One dispenser for almost all types of cartridges for resins, acrylics, silicone adhesives and sealants

A hard and durable **cartridge holder** for inserting resin tubes and providing maximum control over the dosage

A well-fitted trigger with smooth mechanism ensures **stability and repeatability of the extruded resin**

Robust and durable construction in all conditions of work

A massive **piston** that presses evenly on the resin and works well in balancing the whole device

” UNIQUE

The MULTIGUN is a unique resin dispenser, because it is compatible with all our cartridges. It seems to be popular with both our existing and potential customers. The MULTIGUN replaces 3 other dispensers, which makes it a more cost-effective solution for the Customer. On top of that, the MULTIGUN works with all kinds of cartridges and all volumes, which is indicated in the enclosed instructions on the preparation for work with the gun. RAWLPLUG® MULTIGUN works with three types of cartridges:

- side-by-side cartridges
- coaxial cartridges
- cartridges with foil loads

UNIVERSAL DISPENSER

For the following cartridges:

- 175ml (e.g. R-KEM-II-175)
- 300ml (e. g. R-KEM-II-300)
- 380-410ml (e. g. R-KER-II-400)
- 385,600ml (e. g. R-KEX-II, R-KEX-600)

One gun that you can use for many types of cartridges and package capacities.

For all types of resins:

- polyester
- vinylester
- hybrid
- epoxy
- for different products: acrylic, sealants, adhesives.

EFFECTIVE AND ECONOMICAL

Replaces three other dispensers which makes the RAWLPLUG® MULTIGUN offer the most economical solution available for resin dosing. Plus, the gun settings system is quick and easy.
